

BRIGHTER FUTURES EDUCATIONAL THERAPY

Service	Cost	Description
Educational Therapy	\$80/session	One-on-one educational therapy lasting for 50-55 minutes per session. Students will first be assessed with an initial evaluation, then a report and treatment plan will be created. Interventions will be implemented in each session.
Initial Evaluation	\$200 flat rate	Initial evaluations are for private clients. This allows therapist to gather data to create a treatment plan. All students are required to complete an initial evaluation before beginning therapy services.
Developmental Evaluations	\$500 flat rate	Children ages 0-6 will be assessed using formal and informal tools for various areas of their development. Parents will receive a full-length report after evaluation.
Academic Evaluations	\$500 flat rate	Children ages 6 and up will be assessed using formal and informal tools for various areas of their development.

		Parents will receive a full-length report after evaluation.
Academic and Developmental Screeners	\$125 flat rate	Children of all ages will be assessed using informal tools for various areas of their development. Parents will receive a shortened report after evaluation.
Professional Development	\$500 flat rate	One-time presentation to small or large groups on topic of client's choice. Materials and activities will be provided by therapist. Maximum amount of time is 3 hours.
Professional Consultation/Contracting	\$100/hr	Ongoing training and support to allied professional by therapist. Meetings will occur at least once a month for 60 minutes. Topics cover client needs. Therapist will provide resources, strategies, and support for client.
Virtual Homeschool Consulting	\$50/session	Client and therapist meet virtually to discuss homeschool difficulties. Therapist will provide resources, strategies, and support for client. Sessions are 30 minutes and scheduled at least once a month.
Educational Consultation	\$250	Therapist will meet with families to discuss educational needs. Therapist will review any previous data

		or evaluations, speak to necessary allied professionals, and interview parents/child as necessary. Parents will be provided various educational options in a report by therapist.
Newly Diagnosed Support	\$100/month	Family and therapist will meet monthly to discuss needs such as service providers, educational options, financial aid needs, etc. Meetings will last 60-90 minutes and family will have access to quick communication to therapist between meetings.
