

Participant - FAQ for Coordinated Entry

What is Coordinated Entry?

Coordinated Entry is a process designed to ensure you have fair and equal access to the community's resources. With Coordinated Entry, you are quickly identified, assessed, and served with the most appropriate housing solution. Some housing solutions may include a housing program, connecting you with a family member or friend, or helping you get an apartment on your own.

How do I get into Coordinated Entry?

The first step is to go to a location that does assessments for Coordinated Entry. If you are not able to go to a location, an outreach team can also meet you to do assessments. Please see the table below for a list of outreach teams.

Where do I go for an assessment?

Assessment locations are listed here:

Agency	Address	Phone Number
Arlington Life Shelter	325 W. Division St. 76011	(817) 548-9885
