

# Earth Angels

pediatric day center

Earth Angels is a “FREE” MEDICAL DAY CENTER for any child who receives Texas Medicaid and has a condition that qualifies for PDN services. We accept infants, toddlers, and children from birth to age 20 whose medical conditions require technology based and/or skilled nursing intervention.

Earth Angels offers a physician-ordered multidisciplinary service, bundling a comprehensive assortment of pediatric care in a non-hospital setting. This model accommodates the highest skill level of pediatric care at optimal cost effectiveness. Our patients have access to a multidisciplinary team of highly skilled RNs, LPNs, Physical Therapists, Occupational Therapists, and Oral/Motor Speech Pathologists. Child Life Specialists, Social Workers, Nutritionists, and CNA's. Our Medical Director provides input relevant to the processes prescribed by each child's physician.

We provide a warm safe environment for children to grow and play while receiving the nursing care and therapies they require. Children must have a skilled need - whether acute, chronic, and/or intermittent.

*\*Transportation to and from our center is available\**
